Petition to the Government of Canada

Whereas:

- The government of the United States has imposed economic sanctions, amounting to an economic war, against Cuba for more than 60 years, constituting the principal obstacle to Cuba's social and economic development, having cost in excess of \$100 billion;
- The Government of the United States has pressured and coerced other countries to participate in its regime of economic sanctions against Cuba;
- The United States economic sanctions and the campaign of subversion against Cuba are a violation of international law, the right of self-determination and the human rights of the people of Cuba; and
- Since 1992, the international community, including Canada, has rejected United States economic sanctions against Cuba through overwhelming votes in the United Nations General Assembly.

We, the undersigned, **citizens and residents of Canada**, call upon the **Government of Canada** to:

1. Call on the Government of the United States to end all economic sanctions against Cuba;
2. Call on the Government of the United States to cease its campaign of subversion and policy of hostility and aggression against Cuba;
3. Call on the Government of the United States to remove Cuba from the United States Department of State's List of State Sponsors of Terror;

4. Take immediate steps and actions through the implementation and enforcement of, among others, the Foreign Extraterritorial Measures Act, in order to preserve Canadian sovereignty and ensure that Canadian companies and other entities do not participate in United States economic sanctions against Cuba; and

5. Ensure that its relations with Cuba be based on equality and the respect of sovereignty, independence and the right of self-determination.
